SERVICENOW INTERN

⟫ INTERNSHIP HIRING

As a ServiceNow Intern, you will embark on a comprehensive 6-month journey designed to provide you with hands-on technical skills and professional development. By the end of the program, you will be fully prepared to obtain the Certified System Administrator (CSA) certification from ServiceNow. Position will be based in Section 13 Petaling Jaya.

🏅 BENEFITS

- Competitive allowance and benefits package.
- Opportunity to learn from experienced consultants in their respective fields.
- Hands-on experience with data analysis tools and techniques.
- Chance to make a real impact on the company's data-driven initiatives.
- Opportunity to work on cutting-edge business intelligence projects
- Exposure to a wide range of data technologies.

✅ QUALIFICATIONS

- Currently enrolled in or recently graduated from a Malaysian university, pursuing a degree in Information Technology, Computer Science, Engineering, or a related field.
- Strong interest in enterprise technology, workflow automation, and IT service management (ITSM).
- Basic understanding of IT concepts, databases, and scripting languages (e.g., JavaScript, Python is a plus).
- Excellent communication and presentation skills, with the ability to explain technical concepts clearly.
- Able to commit to a full-time, 6-month internship.
- Proactive, eager to learn, and adaptable to a dynamic working environment.
- **This role requires a mandatory minimum commitment of six (6) months. Applications from candidates who are unable or unwilling to fulfil this requirement will not be considered.**
