

EXECUTIVE TRAINEE PROGRAM

Strateq Executive Trainee Program is a 12-month structured training and career development initiative designed to equip fresh graduates with critical IT and business skills. This program is a comprehensive two-phase training initiative designed to bridge the gap between academic learning and real-world industry demands. It combines technical skill-building, mentorship, and immersive project experience to nurture future-ready tech talent.

BENEFITS

- Competitive allowance and benefits package.
- Industry-recognized training & certifications
- Career mentorship from industry experts
- Networking opportunities with IT professionals
- Hands-on exposure to projects, tools, and client environments
- Medical & Hospitalization Coverage
- EPF & SOCSO Contributions
- Leave Entitlements

QUALIFICATIONS

- Bachelor's Degree in Computer Science, Information Technology, Cybersecurity, or Human Resource Management.
- Fresh graduates or final-semester interns who are job-ready upon graduation.
- Unemployed or not attached to any company for more than 12 months.
- Proficient in English and Bahasa Malaysia (Mandarin/Cantonese is an added advantage).
- Possess excellent communication skills, positive attitude, and a growth mindset.
- Demonstrate strong problem-solving ability, willingness to learn, and passion for technology.
- Basic technical exposure in areas such as software development, cybersecurity, software testing, cloud computing, or IT support.
- **This role requires a mandatory minimum commitment of six (6) months. Applications from candidates who are unable or unwilling to fulfil this requirement will not be considered.**
